

Certificate

Standard **ISO 9001:2015**

Certificate Registr. No. 01 10006 2529626

Certificate Holder: **LA.TE ANDES SOCIEDAD ANONIMA**
Las Moreras 510 - Vaqueros
4401 Salta
Salta
Argentina

Scope: Provision of the dating and geochemistry service for geo and thermochronology studies from the reception of samples to the issuance of technical reports:
-Fission traces in apatites and/or zircons by two methods: EDM (External Detector Method) and LA-ICP-MS (Laser Ablation and Mass Spectrometry with Inductively Coupled Plasma) ·
-Uranium-Lead in apatites and/or zircons by LA-ICP-MS (laser ablation and mass spectrometry) ·
-Uranium - Thorium - Helium in apatites and/or zircons by isotopic dilution by mass spectrometry (ICP-MS and Alphachron). ·
-Double in situ dating (fission and Uranium-Lead traces) in apatites and/or zircons by LA-ICP-MS. ·
-Geochemistry in apatites and/or zircons by LA-ICP-MS.
-Provision of the service of reception of samples, dating and interpretation for geochronology studies until the issuance of technical reports:
-Uranium-Lead in carbonates by LA-ICP-MS (laser ablation and mass spectrometry).

Proof has been furnished by means of an audit that the requirements of ISO 9001:2015 are met.

Validity: The certificate is valid from 2026-04-15 until 2029-03-24.
